Note:

1. Risers can be created from polyethylene moulded pits – contact ACO. If risers are used, add the following to the depth: Type 55 – 150mm; Type 1, 2 – 200mm; Type 7, 8, 9 – 400mm; Type 77 (Polycrete® Riser – 523036); and all other pits – 300mm. Type 43, 53 – riser not available.
2. If access covers are selected, the pit must be installed below the pavement. For more information, see installation details on www.acoaus.com.au/cablemate.

Note:

1. If risers are used, add 300mm to the depth. Risers are not available for Type 52 & 63.
2. If access covers are selected, the pit must be installed below the pavement. For more information, see installation details on www.acoaus.com.au/cablemate.
3. Polycrete® is ACO's trademark for products made from polymer concrete.
