Re: Equipment Approval for ACO Drain

Thank you for your letter requesting approval to use above equipment at export registered establishments.

ACO Drain manufactured from polymer concrete has been assessed to be suitable for uses on export registered establishments.

Please note that the acceptance by AQIS must not be construed as a recommendation of your product or of any claims that may be made of it and continued acceptance of the product for use within meat establishments would be subject to satisfactory performance under operating conditions.

Yours sincerely

Charlie Bosgra
